Religious Education - Long Term Plan

Pupils should be taught to:

EYFS

Religious Education in Early Years should allow exploration of the world and respond to children's natural curiosity about things around them. RE is not part of the statutory curriculum for children in nurseries and early years settings. However, there are elements of religious education which can contribute to the areas outlined in the Early Learning Goals and in the Development Matters for 3-4 years and sets a foundation for learning in RE in Reception classes.

Throughout the year, our EYFS children will be encouraged to ask questions, and explore answers which can:

Support children to develop emotionally, spiritually and morally.

Support their developing thinking skills, both abstract and imaginative.

Help them find out about themselves, their family and community.

Help them to develop a sense of place in their family and community, in the world and in the universe.

Help them learn about similarities and differences between themselves and others, and among families, communities and traditions.

Our School Vision is to work as a community within the school's Christian ethos. We learn about world faiths alongside our Christian Values to work towards creating an Outstanding school where all can flourish. Through the provision of a broad and balanced curriculum we encourage every child to develop lively, creative and enquiring minds enabling them to become confident individuals who reach their full potential and succeed in Modern Britain.

Our school works in partnership with the church and the wider community to give a caring and nurturing environment. Together we enable and equip each child to "I have come that they may have life, and have it to the full" (The Gospel of John – Chapter 10, verse 10).

We will realise our Vision through the following aims:

- demonstrating, as a Church school, our Christian values in action
- providing a broad and balance curriculum to all children
- consistently high standards of teaching
- providing a happy, healthy and secure environment where all are respected, valued and encouraged to contribute
- excellent leadership and governance
- encouraging a love of learning by participating in experiences full of opportunity and creativity
- pursuing excellence in every aspect of school life, supporting one another and celebrating the achievements of all
- a partnership of pupils, teachers, parents, governors and the local community
- targets are challenging and achievable.

BARMBY MOOR PRIMARY SCHOOL INTENT, IMPLEMENTATION AND IMPACT

Here, at Bramby Moor Primary School, the aim of Religious Education is to help children to acquire and develop knowledge and understanding of Christianity and the other principal religions represented in Great Britain; to appreciate the way that religious beliefs shape life and our behaviour, develop the ability to make reasoned and informed judgements as well as respect and tolerance about religious and moral issues and enhance their spiritual, moral, social and cultural development. We have designed our Religious Education scheme of learning to be bespoke to our school, through the use of local and national faith groups and worldviews.

Religious Education is taught throughout the school in such a way as to reflect the overall aims, values, and philosophy of our school using our School Vision which is underpinned by our 7 Christian Values. At Barmby Moor, Religious Education plays an important role, along with all other curriculum areas, particularly PSHE in promoting the spiritual, moral, social, and cultural development of our children.

Our school curriculum for RE aims to ensure that all pupils develop religious literacy through:

- Knowing about and understanding a range of religions and worldviews, learning to see these through the disciplines of Theology, Philosophy and Social Sciences
- Expressing ideas and insights about the nature, significance and impact of religion and worldviews through a multidisciplinary approach whilst engaging critically with them
- Gaining and deploying skills taken from the disciplines of Theology, Philosophy and Social Sciences to enhance learning about religions and different worldviews

Implementation

At Barmby Moor, it has been agreed that having considered the requirements and guidelines presented in the East Riding Agreed Syllabus 2022, the following religions and non-religious worldviews have been selected for study:

- Christianity – Foundation Stage, Key Stage 1 and Key Stage 2
- Judaism – Foundation Stage, Key Stage 1 and Key Stage 2
- Islam – Key Stage
- Buddhism – Key Stage 2
- Humanism – Key Stage 1 and Key Stage 2

As Barmby Moor is a Church of England Primary School, Christianity is the predominant religion which is taught within school. As well as following the East Riding Agreed Syllabus for religious education we also use the Church of England resource 'Understanding Christianity' with the aim to deepen our students knowledge.

There are no presumptions made as to the religious backgrounds and beliefs and values of the children and the staff. We value the religious background of all members of the school community and hope that this will encourage individuals to share their own experiences with others freely. All religions and their communities are treated with respect and sensitivity and we value the links, which are, and can be made between home, school, and a faith community. We acknowledge that each religion studied can contribute to the education of all our pupils. We promote teaching in Religious Education that stresses open enquiry, discussion and first-hand experiences wherever possible for both staff and children.

Impact

The children at Barmby Moor Primary School, through their R.E. learning, are able to make links between their own lives and those of others in their community and in the wider world. Our Christian Values help children develop into caring individuals who value the community of people around them both inside and outside of school. Through weekly R.E. and PSHE lessons our children are developing an understanding of other people's cultures and worldviews. By being taught respect and tolerance towards different ways of life, as well as personal choices by individuals, which they are then in turn able to communicate to the wider community. R.E. offers our children the means by which to confidently understand how other people choose to live and to understand why they choose to live in that way.
