Monday 27th April 2020,

Dear Class 5,

I hope you are all well and that you have enjoyed some fresh air during this lovely weather. I'm really interested to hear all about your William Wilberforce research and all the creative activities you have taken part in to keep yourselves occupied. I've seen some brilliant artwork and Tudor research on the school website – thank you.

Here is an outline of the Maths and English tasks I would like you to be working on each day using the Home Learning section on www.barmbymoore.com. I have also set an additional task for each day linked with another subject area – there are also resources for some of these lessons on the Home Learning section.

Remember – try your best!

Monday:

Maths – Multiples and factors.

English – Evaluate and perform a poem.

R.E. – The Islamic Festival of Ramadan started last week. Can you research more about this festival and record your findings as an A4 information sheet? Is it similar to any Christian festivals that you know of?

Tuesday:

Maths – Short multiplication.

English – Identify expanded noun phrases within poetry.

Local History – PE – Design a 15 minute circuit training routine and then try it out. Can you include different exercise stations to work different muscle groups?

Wednesday:

Maths – Short multiplication with money.

English – Write a poem using expanded noun phrases.

Science – Complete the activity focused on changes made by melting and freezing. (Work is on the home learning area).

Thursday:

Maths – Short division with 3-digit numbers.

English – Write a short argument text.
