

Monday 20th April 2020,

Dear Class 3,

I hope you have all had a lovely Easter with your families and that you enjoyed eating lots of Easter Eggs! The weather has been lovely and I hope that you've been able to spend time in the garden and having a family walk or bike ride.

Unfortunately, it looks as though we will not be returning to school just yet and so we need to launch our new class theme in a different way! I know that you are all brilliant at researching things and bringing your findings into school, so we are going to start this topic with a few questions for you to investigate and then present back via our home-learning page or bring them into school when we come back!

Here are your key research questions:

- Who were the Romans? When did they live? Where did they come from? What was their daily life like? Who were their Gods? How and where did they invade? What was life like in the Roman army?
- Research Roman York.
- How were Roman mosaics made? Why and where were they used?
- Can you investigate how sounds are made and how to change the volume and pitch?
- What makes a place sacred? What kind of world did Jesus want?

You can present your work any way you like. It could be a written report, fact-file, information text, photos, maps, drawings and sketches. There are many creative ways to present what you find out. If you wanted to, you may have a question from this that you would like our class to investigate, send it in with your completed work.

I look forward to looking through your work and seeing all the interesting things you have found out!

Ms Young
