

Please use your Number Blocks number line we have sent home for the following activities - • Can you find the number 5 on the number line? • What is one more than 5? • What do you think one more than 3 will be? • How can we check? • Repeat for other numbers on the number line. • I think that one more than 6 is 5. Am I correct? Why? Why not?	Please practise your reading book, telling the story to your family. Try to remember to use all the characters names.
Maths	Reading
This week we have been reading stories about "Harry And His Bucket Full Of Dinosaurs" by Ian Whybrow. Please draw or paint a picture about your favourite Harry adventure.	Have fun playing on Reading Eggs. Your login details are stuck on the front page of your reading record book.
Project	Phonics

Date Set	Date Due
Friday 2 nd October 2020	Friday 9th October 2020
